

Using Haskell Professionally

Alfredo Di Napoli

28th of March, 2015

Quoting Steve Jobs..

Today, I'm gonna tell you three stories.

- My story
- My company story
- Your story

My story

Back in 2007...

- First expose to FP at the university (OCaml)
 - ...but our university is pretty much “mono-culture” (Java)
 - Caught the “OOP” fever, didn’t follow up
- Discovered Python and the beauty of high level languages
